**Priamus Supplement** is the first international, online publication of the Centre for Entomological Studies Ankara (CESA), established in 2006 in accordance with the Publications Rules of the ICZN. It appears at irregular intervals online, as PDF format, archived in the "Internet Archive" regularly.

It includes larger original articles and theses of the research workers of the Centre, regarding morphology, bibliography, check-list, catalogue of Insects, especially Lepidoptera, as well as papers on faunistic, ecological and distributional researches. The publication languages are Turkish, English, German and Uighurian.
